EDITORIALS

OUR NEW HOME

Phi Mu's dream of several years is now realized. We have now actually purchased and own a house which far surpasses the average fraternity house on the campus. Its location, layout and size is adequately suited for our purpose.

My object in this article, is not to describe the house. That is all taken care of in a later part of this manuscript. My purpose here is to bring before those Brothers who are not yet fully aware of it, just what a burden we have taken upon ourselves. The residents are not kicking at all, on the contrary we consider ourselves fortunate that we are the first to enjoy our new quarters. Still, we cannot proceed in this proposition without the support and, I must state frankly, the financial support of every Alpha Chi that was ever initiated into Phi Mu. This includes both residents and graduates.

The realization that Phi Mu must some day own its own house was strongly brought to the surface last spring when the opportunity to buy our present quarters was offered. All who inspected the house were loud in their praise of it. We felt that it would be a crime to let the offer slide by. Such a house at such a price, for indeed it is a bargain, would probably never again be found in Bethlehem.

After the banquet last spring the graduates who attended, discussed the proposition thoroughly and some of them, rightfully, could not see the way clear. However, after lengthy consideration by Brothers Barthold and Thomas, it was found that we might buy the property on a "shoestring", as it were.

A plan was finally devised whereby we could obtain the house in time for rushing season and delay the initial payment until December first. This payment is to be three thousand dollars, which is indeed a shoestring when one considers that we are paying a total price of twenty eight thousand dollars for the house. Of the three thousand dollars necessary to make the initial payment, twenty two hundred dollars has been collected and this has all been subscribed by the residents. The remaining eight hundred dollars must be in the hands of Brother Bill Barthold, by December first or Phi Mu will find itself without a home.

We fully appreciate the financial status of our graduates and the fact that the greater number of them are just making their start in life, still we feel that we can and must count on considerable aid from them. Brothers Barthold and Bob Cook have been untiring in their efforts to bring this matter before the

graduates and the residents now take this opportunity to make their appeal for the necessary support.

The plan now adopted calls for monthly payments against the principle by the residents. We are willing to do this and at present are only asking the aid of the graduates on the initial payment.

We were forced to move out of the old house because it was sold over our heads. The question arose, should we go on renting a house inadequate for our needs or should we make an attempt to buy a permanent home that every Phi Mu would be justly proud of? We hunted the town for about four months and found that it would be just as expensive to rent as to buy, a home suited to our needs, and in many cases more expensive to rent.

After many visits to the realty agents and conferences with the graduates in Bethlehem, the possibilities sifted down to the house we now occupy. It was found that it was by far the best, and the cheapest of all the possibilities to buy. Naturally we determined we would obtain it and finally decided upon a plan whereby we could buy it.

The result of all this, is that, we are in the house and with the aid of its atmosphere, we were enabled to obtain nine true Alpha Chi Rho freshmen out of a class that, we must admit, is slightly below the calibre that we are accustomed to witness at Lehigh.

The residents feel that they have done considerable toward obtaining this house. We have not finished working by any means, still we honestly feel that the graduates could do more than they have. Remember, any contributions will be acceptable and a check for any amount whatsoever sent to Brother Bill Barthold will be duly appreciated. This proposition is of vital importance to the existence of Phi Mu and should command your immediate attention.

NEW NATIONAL SECRETARY

Brother Robert T. Griebing of Phi Omicron has been appointed National Secretary to fill the position made vacant by Brother Carl T. Sigman.

Brother Sigman set a mark that will be difficult to equal, but from all accounts Brother Griebing is capable of equalling that mark. That is evident from the fact that the National Council realized his abilities even though he had been in the Fraternity only a year at the time of his selection, and a member of a Chapter which is far from the Metropolitan district.

"Musings" takes this opportunity to express Phi Mu's hearty wishes for success to Brother Griebing and awaits with great pleasure his official visit to Lehigh.

NEW BOOKS JUST OFF THE PRESS

During the past few months trend of the brothers has been a literary one. Many are the long and thoughtful hours that have been spent on these master-pieces, and "Musings" takes this opportunity to announce the titles of these books. It can be seen from the list given below that each brother has chosen the subject best suited to him, and the finished product is in each case, in all probability the best obtainable. A complete understanding of the subjects has been undertaken and the most conservative references have been utilized. Get your copy of these treatises immediately. Several of the printing presses in Bethlehem have been destroyed by fire, which has been caused by the excessive heat generated in turning out a supply great enough to meet the demand.

Below is a list of these books with their respective authors:

- "The Hardships of A Commuter"J. Arnold Todd.
- "How Electrical Engineering Should Be Taught"Alfred W. Johnson.
- "The Value Of A Heavy Roster"Ralph E. Underwood.
- "The Shortest Route to White Haven"W. Burnett Wardell.
- "An Inquiry Into The Uses of The Bathtub"J. Sharpe Hursh.
- "The Adoption of Sea-going Trou" or "A Comparison Between the Food in South and West Bethlehem"Laurence B. Kingham.
- "Love on The Wire"W. Higham Walker.
- "A Defence Of The Nourishing Power of Beans"Hugh B. Rice.
- "The Return To The Faithful"F. Babcock Dorton.
- "Travels in Boom Boom Land"Francis S. Astarita.
- "Should Men Marry Money"Samuel L. Huyette.
- "Puppy Love And Its Restrictions"Oliver F. Zurn, 111.
- "Why Camden is So Near The United States".....George B. Bachman, Jr., or "A Shot At The Bar."
- "Qualifications of A Prohibition Agent"T. Cooke, 111.
- "When is A Bachelor Not A Bachelor"Paul W. Schmoyer.
- "An English Grammer"L. Augustus Brown.
- "Four Thousand Questions A Day"W. Ferdinand Feuerbach.
- "Lessons In Soothing Music"Albert K. Kensing.
- "Advantages of The North Over The South"Russell Ball.
- "Here And There in Bethlehem"J. Byron Posey.
- "Information On Any Fraternity Anywhere"Joseph Moclair.
- "The Inner Workings Of An Art School" or "The Neglect Of A Negligee"William E. Higginbottom.
- "Facial Expressions And Their Portrayal"George J. Kuck.
- "Confessions of Mis-spent Youth"John B. Allen.
- "The Value of Ten Cents" or "Thoughts Not Words"David M. Fulton.

A PLEA FOR MUSINGS

Many of the Grads have wondered why there has been such a long interval of time between the last edition of MUSINGS and this one. The reason is a financial one. At present the little pamphlet is sadly in debt and if our credit were not good at the printers the publication of this edition would be an impossibility. However we realized the necessity of putting out an edition as soon as possible and went ahead on a very weak financial backing.

The ruling of the Graduate Chapter in regard to the paying for MUSINGS is probably known to you all. The Residents have all paid their dollar toward the support of the pamphlet and some of the Graduates have too, but we have yet to hear from the great majority of them.

We want to put out three editions of MUSINGS this year and we feel certain the Grads want to receive it, and the only thing that will prevent this will be a lack of funds. Sit down now and make out your check before the matter slips your mind; the Business Manager will be only too glad to receive it.

Graduate material for "Musings" should be in the hands of Brother Julian W. Gardy by January 15, May 1, August 1, and November 1. Anything that you do is of interest to the rest of the brothers, so just jot down the dope about yourself or any other graduate you hear about, on a post card if you haven't time to write a letter, and send it to Judy. At present he is a very busy man, so don't wait for a letter from him before you send the information.

WHAT WE ARE DOING ON THE HILL

In glancing over the Campus activities and organizations that the Brothers of Phi Mu are engaged in is very good evidence of the vigor and vitality of the present members. Phi Mu has always taken a share in the affairs of Lehigh and it is the aim of the resident men to keep up the stride that has been set by those who have gone on before.

A strong foothold has been obtained in the college publication the "Brown and White." The present board of the paper shows that our representatives number five. Brother Hursh is one of the Assistant Editors while among the Associate Editors are Brothers Wardell, Huyette, Zurn and Schmoyer. In the competition which is in progress now Phi Mu sent out Brothers Bachman, Allen, Feuerbach, and Higginbottom. Brother Kingham holds the position of Business Manager for the "1925 Epitome" while Brother Underwood is Editor of the Y. M. C. A. Handbook or Freshman "Bible."

In the Mustard and Cheese Dramatic Association Phi Mu is taking an active part. Brother Dorton is the President of this organization and Brother Underwood is a member. In the composing of the coming performance Brother Dorton is taking a prominent part and there is no doubt but that he will take a major place in the cast when the production is staged. Last year Brothers Huyette, Zurn and Bachman were members of the chorus and will no doubt try out for it this year.

We are in the midst of the fall sports and Phi Mu is making a very good showing. In the biggest of all our college sports, football, there are four men on this year's squad. Brother Dixie Walker, a varsity end of last year, is playing varsity again this season. Brothers Astarita and Brown have played in several of our games and are varsity quarterback and center respectively. Besides the excellent showing of these three varsity players Phi Mu is represented on the Freshman team by Brother Posey. Brother Whitey Wardell is on the soccer squad and out for lacrosse.

Brother Astarita is Vice President of the St. Paul's Society, a member of Phi Club and varsity diver of the swimming team. Brother Dorton is a member of the Glee Club, Arts and Science Club, and Lehigh and Maryland Club. Brother Ted Underwood is a member of the Arts and Science Club, Club deQuinze, and holds the position of drummer of the Band. Brother Al. Johnson plays with the Mandolin Club and is a member of the Electrical Society. Brothers Hursh and Rice are members of the Naval and Civil Societies respectively.

Whitey Wardell is one of the assistant managers of the Wrestling Team, while a few of the Brothers are competing for assistant manager positions. Louie Huyette is out for assistant manager of wrestling, Tom Cooke for basketball and Ollie Zurn for swimming. During the Sophomore-Freshman contests Brother Feuerbach played on the baseball squad while in the Freshman elections Brother Fulton was elected Historian of the class of '27.

DONALD MOYER BUSH

Just as he was entering upon the prime of his life, and as he was getting a good start toward success, Brother Donald Moyer Bush, '22, was called to his final home. Although it was a great blow to us all, we are comforted by the fact that he was such a true friend, and a devoted Brother, never failing to help in times of need or trouble.

Brother Bush, commonly known as "Dinnie," was born in Quakertown, Pennsylvania, on December 24, 1899. A short time later his family moved to Glenside, Pennsylvania, where he was prepared for college at the Abington High School, where he excelled in scholarship and athletics.

He entered Lehigh in the fall of 1918, being enrolled in the course in Chemical Engineering. He was very successful in his work, and was elected to the Tau Beta Pi Honorary engineering fraternity. He was also prominent in athletics, playing on the 1921 lacrosse team, which won the Championship of the United States, and was also on the 1922 championship team, when he was mentioned as being one of the best players in Lehigh.

After graduation, "Dinnie" took the Loop Course at the Bethlehem Steel Company, and later secured a position in the Company.

He was progressing rapidly when he was taken ill in March. He was then confined to his bed until his death, after a period of severe pain, which later caused him to go into a state of coma, from which he rarely emerged, and finally passed away at his home, 1135 Russell Avenue, Bethlehem, Pennsylvania, on May 31, 1923.

"Dinnie" was the son of Edwin H. and Lillian M. Bush, both of whom survive. He is survived also by two brothers, Brother Isaac M. Bush, Lehigh, '19, and William M. Bush, a sophomore at the University of Rochester.

The funeral was held at the Phi Mu House on Saturday, June 2. The Rev. G. Franklyn Gehr officiated. The casket was entirely surrounded by flowers sent by his numerous friends. A large labarum of flowers was sent by Phi Mu.

The pallbearers were Brothers Robert G. Cook, Lehigh, '17; Fielder Israel, Lehigh, '22; A. W. Johnson, Lehigh, '24; J. A. Thomas, Lehigh, '23; Isaac M. Bush, Lehigh, '19, and Dinnie's younger brother, William M. Bush. The body was laid to rest in the Union Cemetery, at Quakertown, Pennsylvania.

Dinnie will always be remembered by Phi Mu and by his many friends as a shining example of unflinching devotion and as a cheerful and manly spirit.

DAD'S DAY

Last fall Phi Mu held its first Dad's Day and it is with a great deal of pleasure that the chapter is looking forward to the second annual Dad's Day. The exact date has not been decided upon as yet, but it will be announced sometime in the very near future.

The idea of Dad's Day is to set aside some week-end in the college year when Lehigh is entertaining some other college in the way of sports and then invite all the fathers of the boys to come see Lehigh, the games, their sons, and most of all the home life of their sons. We want all our Dads to see our new house which we are very proud of and all the home comforts which it possesses. It will give all our fathers a splendid opportunity to become acquainted with each other and with all the boys. Plans will be made for the entertainment of the Dads in the evening by way of a smoker and everything will be done to insure a pleasant week-end for all the Dads who attend.

OUR NEW MEN

JOHN BOLING ALLEN, C. E., '27

Washington, D. C.

"Jack"

Jack is no Gay Lothario avec la femmes (as yet) but this, our first representative from the diplomatic set, is a Frosh with great possibilities and the brightest of bright prospects. We can't ride Jack about anything in particular because as sins go he is sinless. Our young diplomat is out for the Brown and White board in earnest and when the call comes for competitors for the Mustard and Cheese staff we will see our Jack first at the post. He isn't boisterously funny but his dry and subtle wit is a fascination.

McKinley Technical High School.

DAVID MERCIER FULTON, Bus. Ad., '27

Baltimore, Md.

"Dave"

Isn't it queer that such a tall and angular lad should radiate so much energy but he does and you can soak that in your soup! Dave is full of pep and gets what he goes after. He runs the Phi Mu nificent store, a sort of Cash Carry (more carry than cash). His athletic aspirations are for Basketball-naturally-center-and he was recently elected Historian of his class. Dave "catches on" very quickly and he's going strong.

Baltimore Friends School:—Swimming (1); President of Class (1); Basketball (2, 3); Tennis (2); Baseball (2).

RUSSEL BALL, B. A., '27

Roanoke, Va.

"Russ"

If you ever want an illustrated lecture on the City Beautiful or any other part of Virginia just call on Russ. He has the history, geography, economics, etc., of his State at his finger-tips and he won't let you forget it either. Such local patriotism is astounding but it isn't a half-bad place after all so we have to agree with him most of the time. He has an affinity down among the sleepy hills of Tennessee and she is not so sleepy so Russ is satisfied.

Roanoke High School: Student Council (3, 4); Advertising Manager, school magazine; Assistant General Manager, Athletic Association (4); Bus. Manager, Dramatics.

WILLIAM ERIC HIGGINBOTTOM, M. E., '27

Baltimore, Md.

"Bill"

When Bill is high hat it is "Hagenbotham." But in the house it is 'Higgin-x.' x is for the unknown quantity but we know she lives in Baltimore. Love is a wonderful tonic but Bill is half asleep most of the time. The Brown and White will soon boast of

his personage on the board. Bill loves pets and his gold fish get the strictest attention. But why "FISH".

Baltimore Friends School:—Swimming (1, 2, 3, 4).

WILLIAM FERDINAND FEUERBACH, Bus. Ad., '27 Richmond Hill, N. Y.

"Little Bill"

"Firpo"

This diminutive human dynamo has got 'em all stopped. He is viciously out for the Brown and White, and is terrorizing basketball circles. Bill lets you know he is there and as far as we have observed he is there. Small in stature, but gigantic in energy is our little "Wild Bull of The Pampas."

Richmond Hill High School:—Baseball (3, 4); Head Cheer Leader (4).

JAMES BYRON POSEY, C. E., '27

Bethlehem, Pa.

"Buss"

Our young native Buss is out for football and making good. We regret that he isn't living in the house with us but he often graces our midst with his smiling presence. We are afraid the rest of the Freshmen will be set back a bit by his scholarship. He gets his stuff and gets it well. Hats off to Buss and we wish him luck.

Liberty High School:—Football (3, 4); Dramatics (3, 4).

ALFRED KENNETH KENSING, Bus. Ad., '27

New York City.

"Al."

This big town boy is typical. He talks the part and wears the latest thing in ties:—Very late. Al has a smile for everything and takes his riding in the best of spirit. Every once in a while Al disappears and comes back smelling of Quelque Fleurs. Where does he go? Maybe in the next issue we'll have a little more light on this dark subject.

Mt. Pleasant Military Academy:—Orchestra; Honor Medal; Football (2, 3, 4); Annual Publication.

GEORGE J. KUCK, B. A., '27

New York City.

"Georgie"

Pronounce this "Kehzcx." George runs quiet and deep and some day we will be able to fathom him. He is not a heller with the women as far as we can see but we think he knows his oats. What he expects to do with a B. A. no one knows, but we are sure he'll make good use of it. George is a wonderful man and we are proud to have him in our midst.

DeWitt Clinton School:—Swimming (3, 4).

JOSEPH JOHN MOCLAIR, Bus. Ad., '27
"Joe"

Bronx, N. Y.

Joe is a great man, New York is a great city, it is a great combination. GREAT! Joe has begun stepping out, following the manner of his big town characteristics. When Joe is ridden he demurely inclines his head, droops his eyes, blushes and assumes the aspect of a drooping lily. But Joe is a good fellow, he's got the stuff and we're glad he is with us.

Dwight School:—Baseball (3, 4); Chairman Athletic Committee; Vice-President (3).

GEORGE BACHMAN, Jr., C. E., '26
"Georgie"

Camden, N. J.

Georgie entered the chapter last year when he was initiated, May 8. This world-wise sophomore, despite the fact he hails from Camden, is a hustler and is leading the competition for the Brown and White board. He won a place in the chorus of last year's dramatic production and is out for the footlights this season as well.

Camden High School:—Track (2, 3, 4); Stage Manager, Dramatics; Cabinet H-Y club.

A GREAT SMOKER

Before the close of rushing season, there was a very fine smoker given for the benefit of the new men about whom the chapter was thinking most seriously. Freddy Dorton, chairman of the entertainment committee put across one of the liveliest stag parties that the chapter has seen in many years and those who attended, especially the Grads, admit that it was a big factor in Alpha Chi's rushing.

There were a number of new men invited and most all of those pledged were present. A local orchestra, which was very good, was obtained for the occasion and the party started off with a bang. Smokes, tobacco and pipes were plentiful and used to a great extent. The expounders of harmony furnished a few numbers and the good old Alpha Chi Row-boat pulled out and started up-stream with a grand rush. Freddy Dorton gave a few comical skits, all of which were original and extremely entertaining. His soft-shoe dancing and "Al Jolson" style of singing fascinated all the guests and he carried away the honors of the evening by ably proving himself to be A X P's Phi Mule. Then Brothers Ollie Zurn and Louis Huyette gave their interpretation of the Bethlehem Players, Inc., in their little one act drama entitled, "No matter how wet a clam-bake may be, Victor Bachman always wants his shot." This was a take-off on a very successful act in last year's Mustard

and Cheese production, "Her Knight Out." The Germantown twins amused all in their antics describing the relations between the eternal triangle, Gypsa, Pembroke and Casper.

Snorky Thomas, Scranton's pioneer settler, then held the lime-light for a few minutes, while telling of his experiences in the "Lehigh Valley." Unaccustomed as he was to public speaking he got away big. Our big Baltimorean, Dorton, again came to the rescue and rattled his ever-present bones. And, oh sister, how he can rattle those ebonies! Then he gave a few duets of his own composition with the aid of Ollie Zurn.

The party at this stage was becoming very convivial, although still dry. (We must remember good old Statute 200). The Scotch talent failed to show up however. Finally after much music was rendered by a new orchestra under the direction of Brother Judge Barthold, (we think he is connected with a bar,) the fellows adjourned for about half an hour to enjoy the refreshments which were planned by Rice and Dorton. Ashford, the butler and new supplement to Phi Mu, did his duty nobly by seeing that everyone was attended to. Finally Asty managed to get away from the food as he didn't have Ted Underwood to compete with, and the party commenced again. Babcock Dorton persuaded the only black cloud on Phi Mu's horizon to give a good old-fashioned Buck and Wing which Ashford did to the amusement and satisfaction of all.

Brother Hughes of Phi Zeta came to the rescue and put a new stunt across. Al Johnson's guitar served as an excuse for some melodies which Hansom Ransom had to get out of his system. When it comes to England's Kings and Canines, he has yet to meet his superior.

The evening finally rolled by and came to a close after a fantastic solo dance by the distinguished and talented member of our Baltimore contingent, Dorton. His rehearsals which were all held at Cedar Crest gave him very good style and "Poise" and it wound up a very successful smoker. It is hoped for the benefit of next year's rushing season that we can put one across as good.

How about that life subscription to the "GARNET AND WHITE?" If you haven't, then remember Phi Mu is as anxious as ever to reach that 100 percent mark. All the Residents are life members so it is up to you Graduates to bring up our mark. Think it over, the matter is well worth your attention.

THE ANNUAL BANQUET

Last spring, on May 12th, Phi Mu gave its fifth annual banquet. The chapter banquet was arranged for by Brothers Israel and Barthold, who decided to hold this annual get-together affair at the Hotel Bethlehem in the University Room. The graduates responded well and there was a very good turn-out for them, in comparison with the distance separating them from their chapter. All the residents were present, of course, and sixteen of the grads were there.

The grads who were present were Brothers Bernhard, "Ike" Bush, Snavelly, Kramer, Hauser, Chesterman, Fincke, "Bob" Cook, "Bill" Barthold, "Al" Barthold, Shaefer, Fritchman, Reynolds, Jagels, Drew and Gould.

The entertainment was afforded the Brothers in great style, by starting off with lots of good food, as the Hotel Bethlehem supplied a very good banquet. This, of course, aided greatly in helping the gang to pep up and finally after the late arrival of two of the New Yorkers, Brothers Dorton, Fritchman and Barthold, livened things up by a great many songs. Especially Fritch, who came across with as good a line of songs as Phi Mu used to listen to when he was an undergrad.

The Knickerbocker Orchestra, composed of grads and residents, rendered all the new songs and dance numbers in their usual excellent form. Then Freddy Dorton rattled his bones and gave his interpretation of how Terpsichore struts her stuff.

The youngest members of the chapter then entertained for a little while and were ably represented by Brothers Brown, Huyette and Zurn. Brownie, our elocutionist, gave us Longfellow's "Ride of Paul Revere" in Dutch, while Huyette and Zurn gave their little act, entitled "The Kiss in the Dark," by Brother Gardy.

The program follows:

SPEAKERS

William G. Barthold, '18..... Toastmaster
Phi Mu About to Start Housekeeping..... J. A. Thomas, '23
Phi Mu Turns Down Phi Beta Kappa Keys.... H. F. Underwood, '23
Insane Attempts at Matrimony..... J. A. Todd, '23
Effect of the Phi Mule Kick on the Campus..... C. H. Israel, '23
The Beautiful and Damned..... J. W. Gardy, '23
How to Enter the Chapter House Without Knocking,
A. W. Johnson, '23

After all the speeches were over, the following men gave toasts: Brother Schmoyer gave a toast to the future of the Class of 1926; Brother Dorton followed by giving one for the Benedicts, and Brother Bob Cook gave the last toast to our beloved Brother, Dinnie Bush. The banquet then came to a close with the singing of "Amici."

WANDERINGS OF OUR GRADS

Vic Wysocki is still working for the Shredded Wheat Company, but he has changed his residence to La Salle, N. Y. The latest information from headquarters at Niagara Falls, N. Y., is that Vic has been sent down to La Salle to buy up all the old mattresses, as the company is running short at present on material for biscuits.

Al Barthold is again taking it easy on the teaching staff of Lehigh University. Al spent about eight months in France and other European countries so that he would be better fitted to put over the French and Spanish this year. We're afraid that Al won't be satisfied in the old U. S. very long. He says he likes it much better on the other side. We don't dare guess what the attraction was.

Bennie Hantz writes that there is no dope about him, but he hopes that "Musings" will soon be out. (Editor's Note: We do, too). Bennie says he enjoys the little pamphlet very much. He is still located in York, Pa., and working the same company for the weekly stipend.

Al Gardy is getting to be quite the man in Doylestown. Besides being the proprietor of the J. A. Gardy Advertising Service, he is secretary of the Chamber of Commerce, and recently put over a big "Doylestown Fair" in the capacity of secretary.

Hank Shockley sent the good old word that he will be on deck for the Lafayette game. It seems like Hank just can't stay away from the annual classic. Hank reports that he has been a married man four months and he can't understand why he ever stayed single, except while he was in college, when he had to look after Fritch and Bernie. Hank didn't say anything about it, but we know he's still bald.

Pete Reynolds is now chief engineer for the Bethlehem Spark Plug Company and is kept pretty busy. He mentioned something in his letter about keeping a few steps ahead of the sheriff, but failed to state if that was what kept him busy or not. Pete admits that he's an alien as far as Phi Mu is concerned, but promises to do better in the future.

Bob Wieseman says that he's on the job as usual. We expected that, Bob, or you couldn't keep your job with the General Electric. One thing out of the ordinary was the recent election of Bob as chairman of the membership committee of the Schenectady section of the American Institute of Electrical Engineers.

Jake Jagels is connected with J. P. Cahill & Co. He is at present employed in the order department on the floor of the

New York Stock Exchange. That part is not important. If you'll look at his address, you'll see what kind of a guy he's gotten to be. But that's not important, either. What is most interesting is the "tying of the knot" with Miss Helen Bergen La Vake in the lead-role, on November 19.

Phil Israel's report is very meagre: "Happy—poor—single." By that, one can see that Phil is a follower of the great drink-tosser, Shakes-beer. Naylor still hangs out on Halsey Street at the Y. M. C. A., and from his report seems perfectly satisfied. He gives us all joy when he says he will see us at the "turn-tables" on November 24.

Judy Gardy has entered the field of journalism. No one in New York knows it except a few friends, however. He is living at the Phi Omega House and commutes to the Bronx. In that borough of the big city, he works on the re-write and assignment desk of the "Bronx Home News."

Charlie Israel hied himself away to Frenchtown, N. J., this fall and hooked up with the Warren Manufacturing Co. We couldn't understand at first why he picked them out to plague to death, but we found out later that he has the use of a Ford. They gave him that so he wouldn't hang around the plant all the time, we suppose. Charlie reports that he'll be present when Captain Springsteen's men go to work on Lafayette.

Doc Fretz sends word from Schenectady that he is "on test" with the General Electric. He describes his job as "no picnic, but it promises to lead to better things." Clem reports several visits with Bob Wieseman, but aside from that he has scanned no A X P. Doc is still homesick for Phi Mu, even if Swarthmore did give him a degree last year. (We didn't mean that word "give" in there.)

Bill Barthold, who is now a member of the Booth and Barthold firm, located at Main and Market streets, Bethlehem, is in the political game at present, doing his darndest to elect his senior partner Judge of Northampton County. We guess there is something in it for Bill or he wouldn't be working so hard. But forgiving Bill for this, we must hand him some thanks for the work he has done for the new house. Bill was right on the job every minute until everything was settled.

The latest news about Rod Hauser is that he is now a married man. Rod married Miss Ruth Powell on October 30th. We suspected this event, but can't understand why Rod didn't let us know about it until the day after. Besides preparing for this event, Rod has found time to make some shoes at his Dad's plant and pay several visits to our new home.

Bob Cook is still ascending the ladder at the Bethlehem Steel. Recently Bob was in the tennis tournament of that company and

was runner up in the finals. Next year we hope to hear of him hiring a truck to carry off the cup.

Ike Bush is now helping the Mack Truck Co., in Allentown, to put out a gasoline-driven railroad car. With the aid of a Ford, Ike has been able to see more of Bethlehem; is that possible? Ike has been around at the house several times and has shown great interest in our new home. "Ike" says "Still single, so help me, George B. Mathews! Still without a 'still!' Still able to go about unassisted. Still strong for Phi Mu. Will be pinched if I keep 'still.'"

Until a short while ago Doc Underwood was working with the New Amsterdam Gas Co. at Long Island City. However he decided the gas business was not in his line (why, we don't know) and refused the promotion to Superintendent of the plant. Just before Doc left, the plant burned down; we hope that had nothing to do with his change of occupation. Doc has a great affinity for the police courts in Bethlehem as is shown by the fact that he pays them a visit each time he appears in Bethlehem. Doc is now working for the B. M. T. R.R. at Long Island City. What time he has off between learning how to run a trolley car and acquiring the art of ringing up cash fares, he is devoting to pointing out the deficiencies in the Power Plant. Mayor Hyman has now been won over to increasing the fare on the road in order to pay the salary of this eminent engineer.

"Q" Kramer is still at the job of selling Cases? and has made a few trips to Bethlehem to try them out. He brought one up during rushing season to help us out and the freshmen claim they are of A No. 1 calibre. We saw very little of "Q" at night so we therefore imagine that he wanted to test their performance in the night air. Is that right, "Q"?

Eddie Gould reports that there are still several matters at Wall Street that haven't as yet received his personal attention, but he will have a full report of the ins and outs of the street for the brothers in a short while. Eddie claims that the attractions of Asbury Park, or rather Allenhurst, are of year round duration. Any of the brothers who were down at the Jersey Coast this summer will agree.

Snorky Thomas has at last found himself. He now has a job bossing around all the muckers in Northampton, Pa. He is working for the Atlas Portland Cement Co. in that town. Tommy has been living at all the high class hotels in that section of the country and claims that there is nothing like hotel-life.

We understand that "Fatz" Miller is still missing things. Also the women are still his chief worry. We heard a lot about "Red" Brown when "Fatz" was here and we are hearing more now. He is working for his Dad and his daily appearance at

the office is so important that he couldn't find anyone to take his place so that he might return to Bethlehem this year. He is playing football for the "Majic City" Elks—in training we hope to play for Lehigh next year.

"Tow" Phipps has been very backward about letting the Brothers know where he hangs out. The best we can say is that several months ago, we knew he was in Chicago. If he's still there, we hope he's having a good time and will let us hear from him soon.

Brad Hooper is now in the employ of the Wilson Steamship Line and holds a very good position in Wilmington, Del.

Brother "Feldman" Israel is employed in the development laboratory of the National Carbon Company, of Cleveland, Ohio. Eagle is living in Lakewood, Ohio, and according to reports from others than "F" himself, he is still keeping "in step." Of course, everyone expected to hear that, anyway.

"Apple" Fritchman is doing work in the general staff offices of the Bell Telephone Company of Pennsylvania under the general commercial supervisor. But more important than that, Fritch is the "proud father of a future postulant of A X P." Those are Fritch's exact words. Congratulations!

George Weber drops us his dependable line that he is still working in the Burkburnett oil field district, although business has been very poor of late. He also reports that it has been raining very hard lately, putting his job on the "blink." While he's waiting for the rain to stop, George goes out with the new Winchester and takes a few plunks at the oodles of ducks. Certainly wish we could be shooting at them with you, George!

Ike Cook is still going to Syracuse and the reports from up that way, state that he is in for a big year on the cinder track. We wish you the best of luck, Ike, but let us hear from you once in a while.

Shaef Shaeffer has been tripping around the State of Washington in great style. He reports that he has been in Seattle, Tacoma, Spokane and all other points of interest in the Great Northwest. Shaef is now working for the City of Seattle's power project on the Skagit River. He claims that the wild and wooley West is not all that it is cracked up to be, that he is gaining some wonderful experience, but that he wishes he could witness some of our football games this Fall, and not to be surprised if he drops in and pays us a visit around the first of the year.

We imagine Dick Schubert is pretty lonely down in Chile. His last letter received in this section would give anyone that impression. It might be a good idea for some of the Brothers to take about ten or twenty minutes and drop him a letter full of

the news. We know Dick would appreciate it. His last letter says he is getting along very well, but works 7 days a week and 30 a month. "Nice bunch of 'gringoes' here, though," comments Dick.

Jake Reitzel sends us word that he has gone back to his old company, Crocker-Wheeler Electric Mfg. Co., Ampere, N. J., in the capacity of assistant superintendent. Jake mentions something about we used to have meetings. He's quite right. We used to. But, keep up the interest, Jake. We're going to have another meeting some day. And anytime you get a chance, slip up and see the new house—it's a peach!

PHI MU'S NEW HOME

When it became obvious in the early part of April, 1923, that the house we were then occupying was to be sold, great anxiety was felt by all in searching for a new house. A committee was appointed consisting of Brothers J. A. Thomas, chairman; A. W. Johnson, W. B. Wardell, and L. B. Kingham, whose duty it was to look into all suitable locations. In spite of the fact that we considered many places, there was just one which we really desired, but were afraid that it would only be a case of reaching for the moon. Although we were undaunted, it was with many misgivings that we opened negotiations with the Wilbur Estate for the purchase of a beautiful, three story brick building situated at Third and Cherokee streets, just one block above our old house. The results of these negotiations were beyond our wildest expectations, and on September 5 the papers were signed which made Phi Mu the proud owner of a \$30,000 home of its own.

As stated before, it is a three story, brick building situated on a lot 120 X 150 and overlooks the Lehigh River. It is in the most exclusive residential section of the city, adjoining the estates of Charles M. Schwab and E. P. Wilbur. The first floor consists of a large reception hall, a music room 40' X 25' which is finished in light oak with a low beam ceiling and hard wood floors, a card room, pool room, and dining room, as well as the servants quarters. On the second floor there are five large study rooms, each of which has its own private bath, while the third floor is used exclusively for dormitory purposes.

This house is extremely well adapted for Fraternity purposes and we all feel extremely fortunate in being in full possession of such a magnificent home. It is one which the National Fraternity of Alpha Chi Rho as well as the Phi Mu Chapter can well feel proud of owning. We hope that anyone who is in our vicinity will drop in and see us, so we take this opportunity of extending to all a hearty invitation of welcome.

IMAGINATIONS

Often times the good brothers have let their imaginations wander as to just what some of them would do under certain circumstances. "MUSINGS" has tried in vain to answer these perplexing questions, so it has summed them up and hopes that some meditative brother can help us out. A self-addressed stamped envelope will insure a quick return of these answers and strict secrecy of the author's name.

CAN YOU IMAGINE:

Dave Fulton entering Hellertown Cave?
Boom Boom Astarita being able to keep his feminine affairs straight?
Hugh Rice in love with Sarah?
Shiek Schmoyer making a noise?
Teddy Higginbottom out of a daze?
Dixie Walker without a telephone?
Grace Allen as a he-flapper?
Victor Bachman without his shot?
Brownie Brown as a wild, wicked, vicious willian?
Firpo Feuerbach as a sedate senior?
Hansom-Ransom out of the army?
Russ Ball cutting blue grass with an "axe handle and a half?"
What Pop Johnson does on week-ends?
Slim Hursh displaying Colgate's products in Young's window?
Larry Kingham in love?
Al Kensing at a Ku Klux Klan meeting?
Ollie Zurn not riding Victor?
Joe Moclair being told anything he doesn't know?
Anyone saying "I can't hear you" to Ted Underwood?
George Kuck in a Turkish Harem?
Tommy Cook if Eddie moved his school to Alaska?
Bus Posey not getting lost in the house?
Lou Huyette at his own wedding?
Whitey Wardell when the dope gets to East Orange that he is a "Colly" hound?
Babcock Dorton when his wives and sweethearts meet?

NEW ALPHA CHI

BIRTH:—Oct. 23.—Edward Reeve Fritchman, to Brother and Mrs. Leon A. Fritchman, of Medford, N. J.

IN OUR BLOCK

Speaking from the "beau monde" we may say that there are just the three of us in our block—Charley Schwab, the Wilburs, and the other high-hat organization, Phi Mu of Alpha Chi Rho. Now that we are settled in our new home, we may look back upon how we did it.

The excavating of Tut's Tomb was minus zero compared to the unearthing of the moldy relics of the old house—Vic Wysocki's mush notes from Bishopthorpe; Cliff Kniley's engagement book; Hursh's socks—all the treasures of the old regime that had to be dug up, classified, cross-indexed, and moved.

The moving was a dignified affair. Picture West Third street on a certain Sunday afternoon: behold, a dismembered double-decker, supported by the bow by Tom Cooke and in the stern by one Jim Hursh—sort of a bier (naturally with Tom leading). Then Larry (in person) carrying for the first time in his life a stack of school books. C. H. Isarel then follows, with a bridge lamp and a shirt and so on. A weird sight was that with the Brothers moving all the indescribable debris of years.

Then the assorting and distribution in the new house—re-assembling devastated Tokio is mere dominoes to that job. But, strange to say, we finally emerged successful and well settled. A few of the Brothers didn't get back on time—some were detained on business—others were detained by their affinities. George said he was tied up in the Beauty Pageant in Atlantic City and couldn't get away. Who knows?

THANKX

"Musings" takes space here to make particular mention of the work done by Brothers Bill Barthold and Thomas toward obtaining our new home. Both of these brothers were untiring in their effort and determination to reach the goal that at times seemed unattainable. When the darkest clouds were on the horizon they were sure to come through with some plan to overcome the difficulties. Brother Barthold still remains at the head of the financial side of the proposition, despite the fact that he is overburdened with his own personal business matters.

The residents wish to express their most heartfelt appreciation of their labors and realize that without their guidance and leadership the goal would never have been reached.

Our ranks are swelled this year by the appearance at the house of Brother Ransom Hughes, Phi Zeta, '17. Ranny is working at the Bethlehem Steel in the capacity of a Fire Protection Engineer. We are not quite sure what that all means, but we are glad to have a man of that profession around the house and have therefore appointed Ranny as Chief Fireman of Phi Mu to fill the posi-

tion made vacant by Snorky Thomas' graduation. Ranny has taken a great interest in the affairs of Phi Mu and it is indeed difficult to look upon him as anything but a real Phi Mu. His witty jokes and stock of humorous songs, accompanied upon the guitar, have aided us in passing many a pleasant hour with him. We are indeed fortunate to have him with us and hope that his position with the Bethlehem Steel will keep him located in Bethlehem for a long time.

LEHIGH'S FOUR MILLION DOLLAR ENDOWMENT DRIVE

Lehigh University for the past fifty years has been prominent among American institutions of learning in training men to serve scientific progress and industrial development. It is to maintain Lehigh's outstanding position and to increase this service to civilization that some of the leaders of the nation are now devoting their time and energy to the direction of the \$4,000,000 in the Greater Lehigh Fund campaign for the University.

The endowment drive which opened on October 3rd and continued to November 6th had one third of the sought amount pledged before it had formally opened. The campaign had an auspicious opening in New York. The radio played an important part in broadcasting all the speeches and musical numbers to all parts of the country. The students of the university played an important part in this program, numbers being played by the Lehigh Six Jazz Orchestra, The University Band, Glee Club Octette and the Glee Club. Similar meetings were held throughout the country in all the large cities for the purpose of getting subscriptions for the endowment fund.

The new endowment will make possible the raising of faculty salaries to a scale commensurate with their services to the University and the erection of new buildings and alterations of the old ones to meet the new conditions. When the full plan and the increase in student enrollment from 1000 (the present enrollment) to 1500 are in effect, the enlargement of the teaching staff in the 21 departments of the university, by the addition of 12 more professors, 9 more associate professors, 17 more assistant professors, 37 more instructors, 5 more teaching assistants, 6 more stenographers and 8 more mechanics will bring the total number of instructors up to 214. These increases in faculty salaries and personnel together with proportionate increase in laboratory material and repairs and general supplies of various kinds for both the academic and non-academic departments will increase the total annual expenditure from \$564,142.24 to \$825,250.

The drive while not being over at the time when this goes to press has up to the present date just about been subscribed and there is no doubt that it will be far over subscribed before the final close of the campaign.

THE LAST TO LEAVE

We take space here to give some sort of resume of the activities our last senior class participated in while in college.

The class of '23, that left us in June, was a class we may all be proud of. Their efforts to put Alpha Chi Rho in the lead at Lehigh were not in vain and it behooves us to give those brothers who were not so well acquainted with their activities a very short summary of their work.

The memory of these brothers will be lifelong and their examples of service difficult to emulate.

We look forward with the greatest pleasure to their visits to our new house, which was made possible by their efforts.

JOHN ARCHIBALD THOMAS, E. M. Scranton, Pa.

Known as "Snorky," "Tommy," "Snork."

We could possibly make no better beginning than with "Snorky," that able "Irishman" from Scranton. After spending two years and a half at V. M. I., Tommy decided he knew enough about military drill and looked around for a real "Institution of Learning" to attend. We don't know just why he picked out Lehigh except for its beautiful campus or rather the beauty of the people on the campus. At any rate we are very glad he appeared in Bethlehem and his faithful service to Phi Mu, especially as 'E and Chairman of the "New House Committee," has set a standard difficult to duplicate.

College Activities: President of Mining Society (4); Secretary of Mining Society (3).

Fraternity Activities: 'O (3); 'E (4); House Chief (3); Chairman New House Committee (4);

AND—(An excellent clam baker)))) 1234)

HERBERT FRANCIS UNDERWOOD, M. E. Brooklyn, N. Y.

Known as "Doc"

It is quite impossible for us to understand why a typical "New Yorker" ??? could pick such a small town as Bethlehem in which he would spend four years of his life. However every year one or two use some sense and that bit we must attribute to Doc. Doc devoted most of his time to swimming and telling old Pop Larkin what an excellent professor he was—"Q" Kramer will vouch for that. His congenial temperment and steadiness are predominant and his pleasing personality is greatly missed around our new quarters. His most valuable asset was his good influence over the younger brothers, especially his brother Ted??

College Activities: Varsity Swimming Team (3, 4); Captain

(4); Swimming Squad (2); Varsity Club (4); Mechanical Society (1, 2, 3, 4).

Fraternity Activities: Chairman Scholarship Committee (4); House Chief (4),

AND—The heaviest eater Phi Mu ever possessed.

JAMES ARNOLD TODD, Ch. E.

Doylestown, Pa.

Known as "Hop" and "Arnie"

Six months in the U. S. Navy was sufficient proof for Hop that he was not cut out to be a seaman. During his first two years with us, we saw considerable of him and knew him as he was, but now that he is a stock holder in the Lehigh Valley R. R., we must admit that we only know him as he is. However Hop has found time to guide the Chapter in many of its difficulties and we will most assuredly miss his excellent advice. We hope that in the future Hop will find time to visit us frequently and bring the rest of his family with him.

College Activities: Asst. Mgr. of Football (3); Track Squad (1, 2); Arcadia (4); Cotillion (2).

Fraternity Activities: 'Is' (4); House Chief (4);

AND—Prospective Mayor of Bloomfield

JULIAN WASHINGTON GARDY, B. S.

Doylestown, Pa.

Known as "Judy" and "Wash" and "Grady"

The old saying goes that variety is the spice of life and this most certainly holds true in Doylestown, for Judy is of an entirely different nature than Hop. His mind very seldom wandered from Bethlehem, because of his many activities and notably the great amount of time required to think of the many different ways in which he could serve his favorite fruit—BEANS. Only a man of Judy's pugnacious character could take an interest in so many college activities and still pass his work with honors. No doubt he had the best financial brains in the Chapter and voluntarily used this to the betterment of Phi Mu. It will be difficult to find a man who is so willing to help the Chapter in any of its functions and his witty humor helped us to look on the bright side of the darkest clouds.

College Activities: Editor-in-Chief of "1923 Epitome"; Managing Editor of "Brown and White" (4); Assistant Editor (3); Associate Editor (1, 2); Editor of the Senior Class Book; Mustard and Cheese (2, 3, 4); Variety Shows (1, 2); President of the Lehigh Press Club (3, 4); Class Historian (3); Calculus Crema-

tion (2); Y. M. C. A. Cabinet (4); President of St. Paul's Society (4); Secretary-Treasurer (3); Arts and Science Club; Class Baseball (1); Pi Delta Epsilon, President, Vice-president; Cyanide; Sword and Crescent.

Fraternity Activities: 'U' (4); Chapter Correspondent (2, 3); Editor of "Musings" (4); Assistant Editor (1, 2, 3); Chairman of Activity Committee (4); Delegate to National Convention (4); Commissary (2, 3, 4); Captain of Bowling Team (3); Basketball Team (1, 2, 3, 4), Captain (2, 4); Captain of Tennis Team (3); Pool Team (2, 3, 4), Captain (3).

AND—A good substitute for any date—perfectly harmless.

CHARLES HENRY ISRAEL, Ch. E.

Baltimore, Md.

Known as "Charlie" and "C. H."

Charlie has lived in so many places in these U. Ses, that it is impossible to classify him as coming from any one town, so we will have to tell you what we think of him and not what others say. His ability to pick true Alpha Chi Rho men was phenomenal and never did a man he picked turn out to be anything else but a true Alpha Chi. His was never a hasty decision and one that we all looked to as a criterion. We are sure that he will be successful in his new undertaking and we look for some new revelations in the paper manufacturing business. The "Company" thinks enough of him already to buy him a new "fliv."

College Activities: Managing Editor of the "Burr" (4); Associate Editor (2, 3); Associate Editor of "1923 Epitome"; Soccer Squad (1); Mustard and Cheese Variety Show (1); Spring Show (3); Interfraternity Council (3, 4); Student Officer R. O. T. C. (2); Chemical Society; Cotillion; Scimitar; Pi Delta Epsilon; Alpha Chi Rho.

Fraternity Activities: 'I' (4); 'G' (3); Chairman of Rushing Committee (4); Chairman of Entertainment Committee (4); Alternate to National Convention (3, 4); Interfraternity Council Representative (3, 4).

AND—The only man who knows the entire History of every College Fraternity.

With this resume before the Brothers we think that it was an eminent class that just left our folds.

With all the seriousness that we can summon, we wish these Brothers God Speed and earnestly hope they will take up and succeed in their future work as well as they did at Phi Mu in the days when they were undergraduates.

HOUSE PARTY

With Phi Mu finally settled in our new house, and all of the trouble and worry of the opening of college out of the way, the thoughts of nearly all of the men turned toward the one great social event of the Fall Term—House Party, and from all sides came the query "Who are you going to bring?"—And some had even invited their girls before they came back to school.

Due to the attitude which the Faculty has taken towards social events in general, this may be the last House Party that can be held at Lehigh for some time to come. This attitude was forced by the actions of several guests from other colleges while attending the dances on the Hill. However, strict rules of conduct at the dances have been imposed, and it is up to every man who attends the various functions to act in such a manner that no possible reflections can be cast upon the individual or his associates. In this way we can do our bit to continue House Parties.

The Brothers are very fortunate in having Brother and Mrs. Stanley Thomas and Mrs. G. W. Wardell as chaperones. Brother Thomas is an A-1 man, graduated in '12 and is temporary head of the Biology department at Lehigh.

So far there will be twelve girls at the house, and more may come. In all, it promises to be one of the best parties thrown by Phi Mu. Everybody will get here on Friday afternoon, November 16, and immediately following dinner, some of the boys will attempt to get the party going. Then follows the Cotillion which will probably be given by the senior class. On Saturday there will be a football game with Alfred, and a Tea Dance after the game. The festivities will be closed by a College Dance on Saturday night. Of course, one must not forget the fond farewells on Sunday afternoon.

FOOTBALL GOSSIP

About this time of year every Lehigh man looks forward to a successful football season for the Brown and White team. This success is usually measured in terms of the Lafayette game. For four years Lafayette has taken our measure, although the 1922 team really scored a moral victory. From the results so far another game is assured this year which will be second to none of any Lehigh-Lafayette games ever played. Lehigh has suffered only one defeat in the four games played thus far. Rutgers, by getting several breaks in the first period, scored a 10-0 victory, while Gettysburg, Fordham and Muhlenberg came out on the short end of the scores. Lafayette has, on the other hand, been defeated but once in five games. They however, played a tie game with Rutgers, the score being 6-6. Lafayette defeated Muhlenberg early in the season 20-0. However, this cannot be compared with the

14-0 victory that Lehigh secured over Muhlenberg as the Brown and White team just missed several chances to score. Three games now remain before the battle of the season, Carnegie Tech., Bucknell and Alfred. During this time the team will be getting in better condition and will regain some men who have been out on account of injuries.

Phi Mu has been represented by three men on the team. Brother Walker has been playing regular at end, while Brother Astarita has played quarter-back on several occasions until injuries forced him to the side-lines. Brother Brown also played in the center berth against Fordham and Muhlenberg.

The Brown and White team has become instilled with the fighting spirit of their captain, "Bill" Springsteen, and the four straight victories of Lafayette, which were thought impossible, has made them decide that a greater Garnet team than that which faced the Brown and White team on March Field last year would be necessary to carry a fifth straight victory back to Easton. However, a game is assured that will be surpassed by none, as the Lafayette eleven is just as determined as in former years. At least, there is one game which will be filled with thrills no matter which way the tide turns—but this is a Lehigh year. Don't miss it!

DANCE AFTER LAFAYETTE GAME

Captain Frederick Dorton, of the entertainment team at the house has promised to stage a dance following the Lafayette game that will far surpass any ever held at Phi Mu's household. That statement is most assuredly a bold one, still we feel that with the facilities offered by the new house we can make it possible.

We are aware that several of the graduates will direct their steps toward Bethlehem for that annual fracas held on that day and we hope that the dance afterward at the new house will be an extra drawing card for graduates who at first imagined they could not attend the game.

We expect every grad. will drop in and see the new abode and what can we offer—Lafayette game, Dance and inspection of our new quarters, anyone of which, we are sure, will come up to your highest expectations.

Bring your wives, sweethearts, and families if necessary. We want everyone to attend. Remember the old bull sessions you had at Phi Mu. Your class mates will be here and you will be conspicuous by your absence.

The date is November 24th, the place is the Phi Mu House, Third and Cherokee streets, and the requirement for admission is your presence. Don't fail us, we are expecting you and counting on your attendance.
